with the Earned Income Tax Credit

Keep what you earn. EITC - Earned Income Tax Credit

The EITC is a refundable federal tax credit for eligible working families. Families may receive money back even if they do not owe taxes, although a return must be filed. Even if you have missed out in the past, you can go back 3 years and claim your EITC.

- Refunds can be directly deposited into your bank account at no cost or used to purchase U.S. Savings Bonds.
- Keep all of your refund by avoiding costly Refund Anticipation Loans.

Are You Eligible?

If your annual earned income does not exceed the amount below you may qualify for the Earned Income Tax Credit. There are other tax credits you may also qualify to receive. Please check with your local free tax prep site to see what credits are available to you.
